

Household Remedy

Taken in the Spring for Years.

Ralph Rust, Willis, Mich., writes: "Hood's Sarsaparilla has been a household remedy in our home as long as I can remember. I have taken it in the spring for several years. It has no equal for cleansing the blood and expelling the humors that accumulate during the winter. Being a farmer and exposed to bad weather, my system is often affected, and I often take Hood's Sarsaparilla with good results." Hood's Sarsaparilla is Peculiar to Itself. There is no "just as good." Get it today in usual liquid form or tablets called Sarsatabs.

STATE HORSESHOERS' ASSOCIATION

Holds Annual Convention With Local Organization—M. B. Ring of Norwich Re-elected President—Next Convention to Be Held in New London.

The Master Horsehoers' association of Connecticut held its annual convention in this city Tuesday. Delegates from all over the state began to arrive early in the morning and continued to come in throughout the day until a representation from practically every local in the state had registered. The convention was held in K. of P. hall and was brought here on invitation of the local branch, which worked hard to arrange for the entertainment of the delegates.

The visitors made a tour of the city while awaiting the opening session of the convention and those among them who had not previously visited here spoke in high terms of the attractiveness of the city and community. Everywhere the blacksmiths were cordially received and given a hearty welcome.

A little after 10 o'clock the delegates were called to order. President E. A. Woodward of the Willimantic local addressed the visitors, welcoming them in the name of the local. He said that the local organization had been organized only a short time and to be able to have the state convention held here was an honor of which he was justly proud. The meeting was then turned over to State President M. B. Ring of Norwich, who introduced Mayor Daniel P. Dunn. The mayor tendered all a hearty welcome, saying that the city greeted them with great pleasure. The local master horsehoers were highly respected citizens and it was with pleasure that Willimantic was able to receive their guests. He hoped the delegates would leave the city with a good regard for the community. It was a thriving little city with ambitions to grow and prosper.

President John E. Brick of the Willimantic Business Men's association also extended words of welcome, expressing the pleasure he felt at being honored by being asked to address such a representative body of men. In the name of the association of which he was the executive head he bade them all a cordial welcome.

National President Responds.

The response to the address of welcome was made by National President W. A. Murphy of Philadelphia, who thanked his honor and Mr. Brick for their warm words of greeting and congratulated them upon living in such a fine little city. He said that the city in its appearance, its location and that the members of the local organization of Master Horsehoers were a fine body of men.

Myrtle McFarland of Brooklyn, N. Y., who came here as the representative of National Secretary Medinias expressed sentiments along similar lines.

Encouraging Reports.

The convention was then opened for routine business. Reports made showed that the state association was in a fine condition financially and otherwise. The convention took a recess about 1 o'clock and at 1:30 o'clock the visiting delegates sat down to an elaborate banquet served in the Hotel Hooker, provided for the visitors by the members of the local organization. The banquet was an excellent one. The tables were prettily decorated with flowers and an individual bouquet was provided for each diner.

Among those present were P. J. Lacey, John Hogan, Boston; William E. Murphy, Philadelphia; William E. McFarland, Brooklyn, N. Y.; E. S. Sanderson, Worcester; George W. Cronin, J. O. Clean bathroom tub, pipes, and sink with

GOLD DUST

To keep bath tub and lavatory snow white—to keep metal pipes, fixtures and taps brightly burnished—to purify metal bowl—there's nothing on earth like Gold Dust. Gold Dust is the great sanitary cleanser, because it sterilizes while it cleans, and drives out every germ and hidden impurity.

Other products may clean the surface—Gold Dust cleanses to the bottom.

Add a heaping teaspoonful of Gold Dust to a pail of water and you are ready to prove these claims.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

"Let the GOLD DUST TWIN do your work"

Informal Addresses.

Following dinner, after cigars had been passed, there were informal speeches for half an hour. Among those who responded were Mayor D. P. Dunn, National President W. E. Murphy, State President M. B. Ring and Greene Huling of Hampton. At 2:15 o'clock the body reconvened and the remainder of business was transacted.

Election of Officers.

The election of officers for the ensuing year resulted as follows: President, M. B. Ring of Norwich; first vice president, Webster O'Neill of Waterbury; second vice president, George W. Ide of North Windham; third vice president, Fred S. Scharf of Rockville; secretary and treasurer, Charles M. Adams of Danielson; state organizer, William H. Shannon of Hartford. The next convention will be held in New London.

San Jose council, No. 14, Knights of Columbus, has elected these delegates to the state convention that will be held in Waterbury May 13 and 14: Grand Knight, James E. Lynch; Past Grand Knight, George A. Grady; alternates, Past Grand Knight John W. Moran and William E. Jennings.

There was a large audience present at Lomax opera house Tuesday evening to witness the presentation of "Anty Fritz," staged under the auspices of the French Dramatic club of this city. The cast was composed of well known local young people, many of whom had previously participated in amateur theatricals, and all acquitted themselves with credit. The French plays have always met with ready favor from the audience and the one so well presented Tuesday evening was no exception. Lieut. Urie A. Rivard directed the performance and took a role himself.

SHOT A DEER.

100-Lb. Buck Was Lunched on Farmer's Apple Trees.

Last Saturday, Moses A. Goodwin, who lives in what is known as the Nauchaug district of Chaplin, found a 100-pound buck destroying a part of his apple orchard. Mr. Goodwin shot the deer and then notified the authorities. E. Linn Pease of Thompsonville, a representative of the fish and game commission, went to Chaplin and investigated the case. Under the law a farmer has the right to kill deer if they are found doing damage to crops or property.

Sermon by Rev. Henry Macbeth.

Tuesday evening at 7:45 o'clock at St. Paul's Episcopal church, Rev. Henry Macbeth preached the fourth in the series of special Lenten sermons. Rev. Mr. Macbeth was rector of the local church from March 1, 1896, to September 18, 1905, and is still a regular visitor to this city, retaining his Masonic membership here. Many friends attended the service at the church and thoroughly enjoyed the fine sermon delivered.

Sale of Col. Edward Hunter Place.

Philo C. Atwood purchased the Col. Edward Hunter place on Bellevue street Tuesday. The house is a nice little home, in a desirable neighborhood. The consideration of the sale was not mentioned. Colonel Hunter and family have been making their home in this city summers only for the past few years, residing in New York during the winter months.

NEW THEATER CONTRACT

Awarded to J. O'Sullivan to Be Completed by Labor Day.

The contract for the erection of the new scenic temple, A. P. Dorman's new theater, was awarded Tuesday morning to J. O'Sullivan. Mr. O'Sullivan, when asked relative to the matter, stated that the work would be rushed along so that the theater would be ready for occupancy about Labor day. The cellar will be staked out Thursday and on Monday next ground will be broken for the foundations. Mr. O'Sullivan said that as far as possible the entire work would be done by local men.

SUED FOR RENT.

Willimantic Man Wants Pay, So Principal Merritt's Salary Is Garnished.

A Thompsonville correspondent writes: "Charles B. Jordan of Willimantic caused papers to be served tonight against Luchas A. Merritt, principal of the Hazardville high school, in which he brings suit for an alleged back rent bill due for a house on 94 North street in Willimantic. The suit is returnable before Justice Samuel B. Harvey at Willimantic on March 30. Merritt's salary as teacher in the Hazardville school has been garnished by placing the necessary papers in the hands of First Selectman J. Francis Browne tonight by Constable Gabriel Dominique. Merritt is the man with whom Rev. Edward A. Flannery, pastor of St. Bernard's church in Hazardville, took issue in his methods of inducing boys to belong to his church to join the Boy Scouts movement, of which Merritt is the head. Rev. Father Flannery issued an open letter to the town school board, complaining of the plan of outlined by Merritt."

SPECIAL MEETING OF

BOARD OF ALDERMEN

Mayor Dunn Instructed to Hire Expert to Pass on Smallpox Cases.

Mayor Daniel P. Dunn called the special meeting of the board of aldermen Tuesday evening. He said all formalities would be dispensed with and that the meeting would resolve itself into a committee of the whole. He said the meeting was called for the purpose of discussing the smallpox situation and taking any necessary action. He said he would be glad to have any members of the board or any of the outsiders present express themselves freely on the subject.

City Health Officer Dr. W. P. S. Keating was present, and being called upon, he said that he felt the smallpox situation was becoming alarming, and he doesn't know where it will break out next. He recommended a temporary isolation hospital.

Mayor Dunn said: "We have got to satisfy the public and if the majority are not now satisfied that it is smallpox, I considered it advisable that a specialist be brought here, notwithstanding the confidence we have in our local physicians to pass upon the cases existing here at present in order that the public be thoroughly satisfied." Various members of the board and Judge D. Adams spoke at some length relative to the situation and Corporation Counsel W. A. King questioned Dr. Keating closely relative to the quarantine being maintained, and received responses that all possible was being done under the present conditions. When questioned as to the number of actual cases existing at the present time, Dr. Keating said that there were eight true cases and three cases in mild form.

A resolution was adopted giving the

Wash Day Afternoon in the Park.

Mrs. Com. Plaintiff—"Did you see that Mrs. Smith pass by? Here it is wash day and she is trotting the children out for an afternoon in the park."

Mrs. Nocker—"I suppose her house is full of unwashed clothes. She ought to stay home and clean up, as we do."

Anty Drudge—"My dear ladies, Mrs. Smith's wash is all done and dried. She uses Fels-Naptha Soap. Do the same, and you will be able to go out to the park, wash-day afternoon, too."

Ask the woman who knows Fels-Naptha to go back to the drudgery of the old-fashioned wash-day.

Not she! Fels-Naptha means too much to her. She knows too well what a labor saver it is—what an economy.

Fels-Naptha actually does most of the wash for her.

Instead of boiling or scalding and hard rubbing in the old way, she simply soaps them well with Fels-Naptha, in cool or lukewarm water and soaks about 30 minutes. Fels-Naptha dissolves the dirt.

Her wash-day starts after breakfast and ends at noon instead of at supper time.

Fels-Naptha saves fuel; saves clothes.

And when the wash is done, she is fresh and happy and the clothes are far cleaner, than if she had boiled and hard-rubbed them for a whole day.

Be sure to use Fels-Naptha the Fels-Naptha way—in cool or lukewarm water.

Follow the directions on the red and green wrapper. Use any time of year.

mayor authority to hire a qualified expert to come here as soon as possible and pass upon the cases, and a sum of money from the contingent fund was appropriated for the purpose. In the event that the expert agrees with Dr. Keating that it is truly smallpox, the mayor will call a special meeting of the board of aldermen to take such action relative to the maintenance of an isolation hospital as may seem necessary.
